

BLACKFIN®

SPORT FISHING BOATS

The Legend Is Back

27'

Introducing the Blackfin 27 Center Console Sport fishing Boat.

This boat is built by Blackfin Marine. After thousands of hours of research and development we have developed a sport fishing boat that has everything you ever wanted (Reliability, Quality, and Performance). Anglers with an eye for detail will appreciate the meticulous fit and finish. We use only 316 grade stainless steel, 3 piece hull construction and core foam stringer system in every boat.

The Blackfin 27 has an overall length of 27'0" and a 8'4" beam. With a 25 degree dead rise the Blackfin 27 has an incredibly soft, dry ride through rough chop at high speeds.

With 500 HP you can achieve speeds of more than 60 MPH. You owe it to yourself to take a look at the new Blackfin 27.

CONSTRUCTION

- All fiberglass and composite construction
- Three-piece construction
- 2 inch foam stringer system in transverse frames
- Non-skid fiberglass cockpit liner with large through-transom scuppers
- Through-bolted 316 stainless steel hardware and fittings
- Bronze through-hull fittings below de waterline
- Standard 160 Gallon aluminum fuel tank
- High density composite transom encased in fiberglass and bonded to the fiberglass stringers
- Lifetime warranty on hull

DESIGN

- Deep Vee Hull with Integrated Transom
- Dead Rise 25 Degrees
- Entry dead rise 60 Degrees
- Designed for twin or single engine outboards
- Rated for 500 HP
- Proven hull design

COCKPIT AND DECK

- Forward 6 ft. in-deck insulated fish box
- Port and Starboard forward in-deck storage compartments
- Port and Starboard in-deck insulated storage boxes
- Transom port and starboard insulated boxes
- Single level cockpit
- Bow hanging anchor locker for boat anchor
- Pop-up navigation light
